

Warrington Parents & Carers forum work in partnership with parents and local organisations to ensure services run more effectively with the overall aim of improving the quality of life for children and young people with disabilities and additional needs.

We listen to families and young people in Warrington to find out what is really important to them and we take your views and work in partnership with the people who plan and provide local services to help improve them.

Can you listen to families and young people in Warrington to find out what is really important to them?

Due to the current re launch of our group we are in a position to offer new opportunities for people seeking to make a difference.

In order to complement our existing group we would love to hear from people with skills in the following areas – administration, marketing, networking and events.

We need our group members to be impartial, member and task focuses, have a professional approach and be able to develop and nurture our mission.

If you are interested in applying for this role or want more information please contact
